SES Needs Jobs For Youth Now

The Student Employment Service reports that approximately 675 local students ages 16-22 registered for summer jobs during Easter week. This is 14 percent fewer students registered than last year.

Many of the Students now registered are currently available for after school and weekend work.

Loren Smith, president of the Student Employment Committee anticipates that SES will have at least 500 jobs for students during the summer.

The committee is preparing an all out promotional campaign to promote the hiring of students through SES the non-profit youth employment program which provides a service to students and employers at no cost.

If you have a job for a student, call Dorothy Murphy, SES representative, 373-0-43.

Marina Parade Is This Sunday

The Marina Parade will h this Sunday afternoon, Ap 28. For the sixth consecutive year, marchers and floats will be reviewed as they pass down Marina's Reservation Road and turn into the Village Shopping Center on Vista del Camino. Reviewers will consist of local dignitaries, including active and retired service people of the area.

Originally a children's parade, the march this year will be led by a youth contingent, including scout groups from Seaside, Pacific Grove and Fort Ord, as well as local troops from Marina. Children in costumes are invited to join in the procession. To participate, they must be at the Collins Electric parking lot Reservation Road by 12:30.

The parade, to be led by Fort Ord's 28th Army band and a color guard from the Third Brigade, will be made up of several divisions, including marching units, motorized floats and horse mounted groups

LAST YEAR - Jo Ann Ford, Miss Black Teen '73-'74 rides in the Marina Day Parade Celebration last year.

Two More Schools Go Year Round

Two more schools in the Monterey Peninsula Unified School District will operate on year-round schedules starting in July.

At their April 15 meeting trustees approved four-quarter schedules for Highland Elementary School, in Seaside, and Marshall Elementary School, on Fort Ord. The action brought to a total of four the number of schools that will operate year-round next year. The other two are Cabrillo and Hayer elementary schools. La Mesa Elementary School will run on a modified vacation plan in line with the Navy Postgraduate School schedule.

The district's four-quarter schedule consists of four quarters of from 42 to 47 days each, separated by three and four-week vacation periods. Segments of the vacation periods will be used for "inter sessions" which will in effect take the place of traditional summer school.

Under the 1974-75 four quarter calendar, classes will be held from July 17 to Sept. 20; Oct. 14 to Dec. 13; Jan. 6 to March 14 and April 14 to June 12.

Children actually attend classes the same number of days as they would attending a school following the traditional September-June schedule. But the quarter system spreads out the year in hopes that children and teachers will remain fresh, as a way of reducing "forgetting" during the long summer break, to cut down on "reviewing" work and to eliminate days lost preparing to open and close schools.

In all cases, parents and staff members have been surveyed to insure that a majority supports the year-round schedule.

Supt. James Harrison said no more year-round proposals will be considered for the coming year.

In other action, the board:

+ Heard a report on plans being made to give secondary principals the alternative of putting misbehaving students on a work program instead of suspending them from school.

+ Were told that not a single vendor submitted a bid to supply the district's paper needs for the coming year.

+ Talked about the possibility of patrolling restrooms in secondary schools to cut down on vandalism, smoking and other mis-uses of student bathrooms.

+ Heard a delegation from the Association of Low Wealth Schools ask the district to join that group, which has formed to seek legislation to help poor school districts throughout the state.

EFS Branch

Kenneth L. Kidwell, President of Eureka Federal Savings, announced recently that the Association has received approval from the Federal Home Loan Bank for a full service branch office in the city of Seaside. The new Seaside office, upon opening, will be Eureka's first branch office in Monterey County and nineteenth in Northern California. San Francisco based Eureka Federal Savings was established in 1890 and currently has assets in excess of $400 million.

NAACP Mourns West Coast Director

Roy Wilkins, Executive Director, National Association for the Advancement of Colored People, announces with deep regret and sorrow the passing of Leonard H. Carter, regional Director, West Coast Region, NAACP.

Mr. Carter passed away Friday morning, April 12th at the Mills Memorial Hospital in San Mateo, California.

Funeral services were held Wednesday, April 17 1974 at 11:00 a.m., San Mateo Congregational Church, San Mateo, California. Patterson and O'Connel funeral directors had charge of arrangements.

Mr. Carter came to the West Coast Region from Kansas City, Missouri in 1965. He had served as the Regional Director for the ten mid-western states where branches of NAACP are chartered. He joined the staff of NAACP in 1960. Prior to joining the NAACP staff Mr. Carter served as secretary-treasurer of the Dining Car Employees Union in St. Paul, Minnesota.

He recently received the John Brown Image award from the Hollywood Branch NAACP for his work in civil rights; in January, 1974, he was cited and received an award for his outstanding leadership from the National NAACP.

Flagg Blasts Talcott Record

Morgan Flagg, Democratic candidate for Congress in the 16th Congressional District, said recently at his headquarters openings in San Luis Obispo and Seaside, that Congressman Burt Talcott, "has proven beyond any shadow of doubt a lack of responsiveness to the will of the people of this congressional district."

Flagg said, "ratings of Congressmen by several qualified organizations shows clearly that Congressman Talcott's voting record represents only the feeling of President Nixon and the extreme right-wing, and not the philosophy of thousands of moderate and liberal voters of our district."

"As an example, the Americans for Constitutional Action, (ACA) which represents the right-wing faction of the nation, gives Talcott an 82 per cent favorable rating during the Congressional year of 1973. At the same time, C.O.P.E. (AFL-CIO Committee on Political Education) gives Talcott only a 10 per cent rating during the same year.

"The National Farmers Union during 1973 gave Talcott only a 28 per cent rating, and the Americans for Democratic Action gave him a "O" rating, again during 1973.

"At the same time, Talcott voted against Nixon only 24 per cent of the time, making him one of the strongest Nixon supporters in the West."

Flagg concluded: "It is obvious that Talcott continues to do what he pleases without regard for the desires of his own district. He has clearly aligned himself with the Nixon Administration, he clearly votes the Nixon line, and he clearly believes that what is best for Nixon is best for the people of this district."

"I believe the 16th Congressional District needs a representative that knows the district, will vote in accordance with the wishes of the district, and will bring moderation and compassion back to the people of our area."

Candidate's Night Planned

The Fisherman's Wharf Property Owners Association has invited the three Democratic candidates for U.S. Congressman in the 16th district and the incumbant to appear at the association meeting of thursday, April 25. The meeting will be held at Cerrito's Neptune's Table, 7:30 p.m. and is open to the public. Congressman Burt Talcott and his Democratic challengers, Phil Harry, Julian Camancho, and Morgan Flagg will each be given an opportunity to express his views, to be followed by a moderate question and answer session.

Vice President Ford Speaks In Monterey

By Janet Zitnick
Seaside POST &
News Sentinel Staff Writer

Vice President Gerald Ford, at a press conference held at the Del Monte Lodge April 18, said from the evidence he has examined he believes President Nixon is innocent of any wrong doing in the Watergate scandal and should not be impeached.

Ford, campaigning for Congress Burt Talcott in the 16th Congressional District last week, said further that, "The President is not guilty of an impeachable offense, there is no evidence to impeach him." However, Ford did go on to say that, "The White House ought to go further, do more to prove the President's innocence." Ford believes that there were people at the top who made serious mistakes and a consequence disheartened many long time loyal Republican workers and had an adverse impact on the party structure and organization.

Ford believes transcriptions of pertinent parts of the tapes (mechanical reproductions of conversations between President Nixon and persons who are potential witnesses in any impeachment case) should be turned over to the House Judiciary Committee for its impeachment inquiry.

When asked if such transcripts, which Ford said should be typewritten, would be accurate after other tapes have turned up missing either entirely or in part, Ford said, "...the transcripts would be accurate and adequate. Many parts of the tapes have no relevancy."

The Vice President emphasizes that he was here to help the Republican party, to speak very affirmatively for Burt Talcott and also to point out to the people of California what an effective job the President has done particularly in the area of foreign policy. "I want to point out that in the 5½ plus years (the administration) has achieved peace in South East Asia, the draft has been discontinued, we have taken steps to resolve the mid-east situation, the doors have been opened in Red China, we are in a better position with the USSR..." He said he believes Richard Nixon is the finest president this country has had in this century.

Ford stressed that he has no intentions of running for any political office in 1976.

Speaking to the youth in America, Ford said young people ought to become involved in both political parties and that young people can do more by participating than sitting on the side lines.

Steve Ross Appointed To Manpower Council

City Councilman Stephen E. Ross has been appointed the interim chairman of the newly formed Monterey County Manpower Planning Council, pending approval by the Monterey County Board of Supervisors at their next regular meeting.

Monterey County was designated a prime sponsor under the Comprehensive Employemtnt and Training Act (CETA) to administer a manpower program using Department of Labor funds.

The Act requires the establishment of a Manpower Planning Council with representation from the client and community organizations, the employment service, education and training agencies and institutions, business and industry, labor and agri-business.

The duties and responsibilities of the Council will be to act as an Advisory Manpower body to the County Board of Supervisors to provide the Prime Sponsor with recommendations and-or advice in the planning, operation, monitoring and evaluation of CETA and CETA-related Manpower programs.

It also has the duty of reviewing CETA and CETA-related Manpower programs for the purpose of improving and coordinating inter-County and Intra-County Manpower programs and services.

It will also make recommendations regarding the Manpower program plans, basic goals, policies and procedures.

The Monterey County Board of Supervisors established the MCMPC on April 2, and indicated that the City Selection Committee be a member and be asked to nominate a representative to the Council.

MCMPC will meet at least monthly, or as often as it necessary to develop the FY75 Monterey County Manpower Plan. The first meeting was held on April 17 at 3 p.m. in the Monterey County Courthouse, Salinas, Conference Room.

Council Ross was nominated by Mayor B. J. Dolan, Seaside.

Debate Dates Set

Morgan Flagg, Democratic candidate in the 16th Congressional District, said he is pleased that his opponents have accepted his challenge to publicly debate the issues.

Following the first debate, aired Thursday on KVEC-Radio in San Luis Obispo, Flagg stated that he appreciates the media making these debates possible by providing sufficient coverage.

Asserting that it is "essential the Democrats carefully consider the alternatives represented by the three candidates in the primary," Flay said, "public debates are the most Democratic way for the public to see, hear, and come to know the candidates."

Flagg announced that KSBW-TV, in Salinas, and KSBY-TV in San Luis Obispo, have made a joint offer of 30-mintues free air time for a debate to be taped May 22nd, and tentatively scheduled for airing on Sunday, May 26th. Stating that he expects his opponents will likewise accept this second opportunity to "Face the Voters," Flagg added, "I am looking worward to other news media providing sililar forums."

Career Outlook on Diesel Mechancs

If there's one person in this world who can always find a job, it's a mechanic. Mechanics are the doctors of the transportation world. They keep our cars, planes, buses and trucks in proper operating condition. And despite the energy crisis taking many motorists off the roads, the need for mechanics in mass transit is going to increase greatly in coming years.

Mechanics may specialize in gasoline or diesel engines. Diesel engines, which power heavy transportation equipment (trucks, boats, bulldozers) are similar to gasoline engines except they have different fuel and ignition systems.

Diesel mechanics learn their skills by first becoming proficient in repairing gasoline engines. After gain experience with gasoline engines, they may enter diesel engine apprenticeship programs or attend trade ant technical schools. Like almost every other occupation, those who have the most experience will receive the best salaries. Recent national wage data is not available for diesel mechanics. But according to a firm which employs diesel mechanics across the nation, their employees were receiving $6.00 to $7.50 per hour last year.

If you don't mind getting your hands dirty, as mechanics handle greasy tools and engine parts, and you enjoy taking things apart and putting them back together again, you'd probably be interested in becoming a mechanic.

One of the best places to get a start in the field of mechanics is in TODAY'S ARMY. We offer an eight-week training program for Sheridan tank mechanics at Fort Knox, Kentucky. These tanks have diesel engines the likes of which you'll never see anywhere else. And along with the valuable training, you'll be provided with free housing, meals, dental and medical care and 30 days paid vacation every year.

If you would like more information on how to become a mechanic in TODAY'S ARMY give us a call at 372-4742 or stop by our office at 431 Webster St. in Monterey.

THAT'S IT FOR NOW.

Lecture Is Scheduled

The Monterey Chapter of The American-Scandinavian Foundation will present Mr. Martin Peterson of Gothenburg, Sweden in a program on the subject, "Sandinavian Foreign Assistance Systems, Politics or Philanthropy'0" on Friday, April 26 at 7:30 p.m. in the Pacific Grove Community Center, 515 Junipero A.VE., Pacific Grove. The public is *cordially invited.*

Mr. Peterson is sponsored by the Lithgow Osborne Fund of the New York Headquarters of the Foundation. He is a professor and student at University of Gothenburg in the field of contemporary history, with special emphasis on regional integration and labor market relations. He speaks on neutral Sweden's foreign aid programs to developing countries, the backgrounds and current status of these programs, and how the once alturistic attitude concerning foreign aid has given way to a desire to institute radical reforms in the recipient country.

The American-Scandinavian Foundation has for over sixty years fostered good relations between the United States and the Scandinavian countries through educational and cultural exchange. The Monterey Chapter, founded in 1970, has over 80 members from the various Scandinavian backgrounds as well as Americans who are dedicated to the aims and interests of the Foundation. *Anyone interested in* becoming a member may call 375-5366, Mrs. Karl J. Berglund, President.

Fifth Washington Tour Scheduled

Congressman Burt L. Talcott announced that the fifth Annual Historical and Governmental Tour of our Nation's Capitol, sponsored by the Congressman and his wife, Lee, for high school seniors of the 12th Congressional District will be conducted June 18 through 25, 1974. Mr. and Mrs. Louis Zinani (Judy) of Salinas will be Tour Directors.

In making the announcement, Congressman Talcott said, "Ever since our first thrill of seeing our Nation's Capitol--its historical buildings and monuments, and its institutions, I have wished that young people from our District could share the excitement of a visit to Washington, D.C. The previous student tours were so successful and so enthusiastically praised that we are making every effort to conduct such tours on an annual basis. This is an especially good year to see Washington."

High school students between their junior and senior terms who reside in Monterey, Santa Cruz, San Benito, or San Luis Obispo Counties who desire information about participation in this tour should contact: Mr. Lou Zinani, Tour Director, P.O. Box 7, Salinas, California, 93901, Telephone: 408-424-2881 or 408-422-7089.

The total cost per student is $569.00, which includes travel to Washington and return by scheduled airlines; first-class hotel accomodations and three meals daily; all transportation and sight-seeing tours in Washington and surrounding areas.

Both Mr. and Mrs. Zinani were teachers, both graduated from Hartnell and Cal Poly. Lou was football coach at Palma High for seven years and is now an Instructor with the Salinas Union High school district. They have two children.

Students wishing to participate in this tour should submit their application to Mr. and Mrs. Zinani along with a deposit of $100.00, early, and before May 15. The tour can accomodate only 25 students plus two adult chaperons, therefore, applications will be considered on a first come, first served basis, except that we hope to arrange representation from as many high schools as possible.

Local service clubs and civic organizations may, as in the past, want to participate by defraying all or part of the cost for some deserving qualified student.

Attending Workshop

Pat Aversano, director of Youth Activities, a Recreation Services core program at Ft. Ord, will be attending an Army Dependent Youth Activities Program Training Workshop at Indiana University in Bloomington, Indiana, April 28 to May 3.

Approximately 100 Youth Activities directors from Army and Air Force installations throughout the world are expected to attend this workshop which is the first of its kind sponsored by the Department of the Army.

Ed Weiner Is Chairman For Campaign

George R. Reilly, Chairman of the State Board of Equalization has announced the appointment of Edward Weiner, Seaside businessman, as Chairman for Monterey County for the re-election of George R. Reilly as 1st District Representative on the State Board of Equalization. Mr. Reilly has served 9 consecutive 4 year terms on the Board and will seek to continue this service to the people of California.

Deadline Is Near

All California employers of agricultural employees were reminded by R. B. Applegate, District Tax Administrator for the State Employemtn Development Department, formerly Department of Human Resources Development, in Monterey, that Tuesday, April 30, is the deadline date for filing a contribution return and report of disability insurance wages and report of personal income tax withheld (optional), from DE 7003, for the first quarter of 1974. Penalty and Interest will be charged if the report is filed after the deadline.

Employers needing additional information may contact Applegate at 486 Webster St. Monterey, or telephone 373-0143.

Want To Know The Truth About GROUND BEEF?

IT'S THIS:

***Nobody** can guarantee its exact fat content.*

There's been lots of talk lately about the fat-lean ratio in ground beef. So why not label each package: Contains X% of fat? Let us tell you why.

We've been making ground beef just about as long as anyone and we know there's no way to make two batches that are exactly alike. Two samples taken from the same batch (or even the same package) can differ in ratio of fat to lean. Even with meticulous care in selecting ingredients, there are variations in fat-lean ratio. Even with our most modern grinding and mixing equipment. Even with use of the best available fat-measuring devices.

Yet we know our customers want and expect us to provide them with a choice of ground beef products to meet their varying preferences, tastes and budgets. After long and careful consideration, we have concluded that we can best meet our customers' need for variety by offering just two ground beef products—REGULAR and PREMIUM. We make both kinds from fresh chunks of beef. We prepare both kinds with equal care to maintain the top quality which has helped earn our fine meat reputation.

Our REGULAR is made the way we believe most families prefer their ground beef. It contains enough fat to assure full juciness in the cooked meat. It makes marvelous hamburgers, meat loaves, meat balls, spaghetti sauce, Salisbury steak and other delicious dishes.

Our PREMIUM is made to please families that want a leaner ground beef. It shrinks less in cooking and makes wonderful ground beef dishes of all kinds—plain and fancy.

Why not try both kinds and see which is preferred by the folks at your house? (You might even want to make a mix with some of each.) The famous Safeway money-back guarantee applies, of course, to our ground beef as to all of our other products.

Items and prices in this ad are available April 24, 1974 thru April 30, 1974 at all Safeway Stores listed below:

Letter To The Editor

Editor:

Does not the Patricia Hearst kidnapping pose some serious questions?

What types of individuals in our midst are capable of such a criminal act? The very ones claiming to belong to a group that killed a black Superintendent of Schools and shot police? People that have been up to no good since their youth, been in and out of prisons?

Are not their meandering statements, for which they demand the utmost publicity, not clear indications of mentally unbalanced, paranoic minds? However vicious they act, they imagine themselves as angels amidst a world of devils; do they not? In their distored minds, are they not trying to pose as champions "of the poor, the elderly, and the unfairly-treated minorities?"

When were elections held, of the low-income folks, to chose such rascals as their leaders? What poor person of an ounce of brains and moral character would select violent, crooked, underground brutes -- who abhor honest work and live by their wits -- to champion the cause of the poor? Did the SLA gang appoint themselves -- in the manner of bruit-dictators everywhere? With a contempt for law and order and for human life?

Would any honorable, self-respecting, decent and kindly American of low income, rush over to grab food parcels that are part of a ransom **squeezed out of a family whose daughter was kidnaped?** Merely a publicity-gimmick of an underword gang to pretend to be Robin Hoods helping the poor -- at someone else's expense! -- while in reality **ultimately aiming to get free their men accused of murder, now in prison?** And, who knows how many more demands for the benefit of their thug-outfit?

Shoudl a family who suffers from a kidnapping try to dicker with the criminals, try to give in to their successive ransom requests, try to keep back the police in any way from doing their obvious duty? Are we all **hermits,** having to cope with law and order on our own? Or are we members of a society, a nation, whose government has a clear duty to maintain law and order? T.O COPE VIGOROUSLY WITH OUTLAWS? Should not a family victimized by such a kidnapping, say: "Police authorities, go to it! We will cooperate with you in every way! We will not capitulate to the kidnapers insane demands! We hope you will catch up to the brutes, that they will get what's coming to them, and hopefully that the vicitim they hold is released unharmed?"

What may happen if a family foolishly tries to bend their knees and beg for mercy, from such cruel hoodlumns? Gives them the publicity they crave and the funds they request? Will they not most likely "raise the ante" and make even bolder demands? Could not capitulating to kidnapers, set off a rash of other such acts across the country? As hooligans everywhere get the message "that crime does pay?" On the other hand, **refusing to give in and calling upon the authorities to catch the brutes, would not that prove "THAT CRIME DOES NOT PAY:" Disccourage further kidnappings?**

This is an imperfect world! It will be so for the foreseeable future! Let no one peddle the excuse that because things are far fromperfect, that excusses ferocious and crooked behavior!

We must all try to make society more **fair for all, of course!** With persuasion, with organization, with laws and proper education. We cannot brook savagery, and wild actions, and underworld gangsterism, which are the methods also of those *who set up brute dictatorships that enslave and torture a land.* Brutes of violence are responsible for the bloodiest chapters of history.

Sincerely yours,
George Herman

Sammy Davis In Hall Of Fame

Sammy Davis, Jr., who made an early start in films at age 4, was the last to receive his award as one of 17 pioneering Black actors and producers inducted into the first Black Filmmakers Hall of Fame.

Representatives of the sponsoring Oakland Museum Association's Guild for Cultural and Ethnic Affairs gave Davis his award March 31 at the Circle Star Theatre in San Carlos during his recent appearance there.

After more than 40 years on stage and film, Davis is still going so strong as an entertainer that a Las Vegas show date prevented his attending the Oscar Micheaux Awards Ceremony on February 17, when most of the other honorees were present to receive their awards. More than 2500 persons turned out for the gala event at the Oakland Paramount Theater of the Arts during Black History Week.

Other "Black Filmakers of the 1920's-1950's" honored with Davis for their contributions to the history of films in America included 84-year-old Clarence Muse, the Grand Old Man of Films, who states, "I am Survival itself"; Alvin Childress, best known for his Amos of "Amos and Andy" films; Lillian Cumber, pioneer agent; Ossie Davis, whose credits as actor and producer are legion; dancer, choreographer, writer Katherine Dunham; Stepin Fetchit, whose masterful portrayal of "the laziest man in the world" has been litlittle appreciated and frequently misunderstood; Theresa Harris, remembered for her many maid roles in early films; Eugene Jackson, who started his career as a child star in the "Our Gang" series; William Marshall, of "Othello" and "Blacula" fame; Juanita Moore, best remembered for Annie in "An Imitation of Life"; producer Gordon Parks, Sr.; Beah Richards, of "Guess Who's Coming to Dinner" among others; Lorenzo Tucker, the "Colored Valentiono" of silent films and numerous roles in sound; Vincent Tubbs, Hollywood publicist; and Leigh Whipper, who because of his advanced age of 90 was unable to come to Oakland and who was being honored in New York City that same day, February 17, 1974, having been proclaimed "Leigh Whipper Day" by New York City's Mayor.

Childress, Fetchit, and Parks had to cancel appearances at the last minute for reasons of health or unexpected business commitments, but their awards were accepted by other HaN of Fame inductees. A special award was presented to Paul Robeson.

The Hall of Fame will become a permanent exhibit. It is the most recent project of the Guild, which sponsored an awards banquet honoring seven living distinguished Black scientists during Black History Month in 1973. The banquet culminated a year-long program to encourage Black public school students to go into science and engineering careers, through a "Big Brother" program which paired them with Black professionals.

Members of the Guild for Cultural and Ethnic Affairs (one of 4 volunteer guilds in the Oakland Museum Association) are mainly Black American, Native American, Mexican American, and Asian American. The innovative group works with the Museum's Special Exhibits and Education Department and its curator, Ben Hazard, to reach out to new audiences and explore new programming subjects.

Cleavon Little, who's starring around the country in the crazy western, "Blazing Saddles", has returned to New York City to take over the Robert Hooks role in "The Great MacDaddy", the current production of the Negro Ensemble Co.

Republican Dinner Held

Vice President Gerald R. Ford, at a fund raising dinner for Rep. Burt Talcott, R-Salinas, Thursday evening, April 18 at the Monterey County Fairgrounds, praised Talcott as "... one of the finest members of the House of Representatives that I know." Ford, in the Monterey area to campaign for Talcott, a long time Congressional associate, had many kind words for the representative ff the 16th Congressional District.

Abotu national issues Ford emphasized that he does not agree with some who predict that 1976 will bring a smashing Democratic victory because of Watergate. He said he does not like to see a dominant party of ether side rule in Congress. "The closer we can keep the competition between Democrats and Republicans the better America is. We don't want one party rulle... We want a strong two party country."

Ford said he believes decisions affecting local people should be made by the people themselves, not by some bureaucrat in Washington. "I don't think the American people are in favor of the Federal government controlling your health, your cities or your education."

The $100 a plate dinner was well attended by about 750 local Republicans.

Bob Wood Reports

Are our schools of education doing the job in training new teachers? This question was asked and answered recently in a Legislative Committee hearing at the Capitol and I thought it might be of interest to you.

It was brought out to us that the college training that teachers received in a school of education appears tohaveonly marginal value in enhancing their ability to raise the reading and math achievement test scores of their students. In some cases, it was pointed out by an expert in the field, an able college student with no exposure to an education course "can walk into a classroom and, in a few days, do an excellent job."

The spokesman, Dr. Luther Jennings, of Occidental College, said to the committee, that he was not suggesting we eliminate schools of education but he would suggest a very drastic remodeling. He said he believed that education professors and their teacher trainees need to leave their college campuses and get out into the school and onto the firing line. The experiment performed in the Pasadena Unified School District made comparisons of the reading and math achievement test gains of students served by experienced teachers, newer teachers, first-year teachers and college students with no background in professional education courses.

From the data compiled so far, the experts appeared unable to find much difference between new teachers and 15-year teachers across the board.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances, to satisfy the obligations secured by, and pursuant to the power of sale conferred in a certain Deed of Trust, executed by WILLIE L. EDWARDS and LILLIAN J. EDWARDS, his wife, as Trustors, to THE FIRST MONTEREY COMPANY, a California corporation, as Trustee, for the benefit and security of MONTEREY SAVINGS AND LOAN ASSOCIATION, a California corporation, dated June 30, 1967, and recorded July 10, 1967, in Reel 512, at Page 1087, Series 50442.

Notice of Default of said obligation and election to sell said real property was recorded in the office of the County Recorder of said Monterey County on the 7th day of January, 1974, in Reel 889, at Page 203, of Official Records of Monterey County, California, Series 00466. Nothing has been paid on account of the principal or interest on said loan subsequent to the filing of said Notice of Default.

This notice is given in compliance with the written application heretofore made on the Trustee by the said Beneficiary.

The owner and holder of the promissory note and the indebtedness secured by said Deed of Trust, or any other person may purchase at said sale.

7 WAYS TO PLUG FOR ENERGY CONSERVATION.

You'll save energy if you follow these suggestions:

1. Turn off all lights that are not essential.
2. Lower your furnace thermostat to 68 degrees.
3. Use full loads in dishwashers and clothes dryers.
4. Set your water heater to "normal" or 140 degrees.
5. Turn off TV sets when they're not being watched.
6. Defrost your refrigerator before frost becomes ¼" thick. Thick frost reduces your refrigerator's cooling ability and makes it run inefficiently.
7. Be sure your range and oven are turned off when not in use.

These are just a few of the many ways you can conserve energy.

Flournoy Says His Budget Should Be Cut

State Controller Hugh Flournoy recently said that the proposed 1974-75 budget for his office should be reduced 130,500 to end a two year program which achieved its goal in only one year.

Flournoy said the pilot program to review property appraisals submitted by State Inheritance Tax Referees had developed such overwhelming evidence of the accuracy of the referees' appraisals that there was no point to continuing the review for the second year.

The Controller said his evaluation of the pilot program results had been concurred in by Legislative Analyst A. Alan Post who originally recommended the review.

The review of 1 percent of the properties appraised during the 1972 calendar year showed substantial differences in only eight parcels out of 657, resulting in a total value gain of three-tenths of one percent," Flournoy said. "This finding by professional civil service appraisers was a remarkable testament to the accuracy of the appraisals made by the Inheritance Tax Referees.

"Results of the review also indicate the success of the program I introduced in 1967 to upgrade the services and increase professionalization of the referees through ongoing training and education projects and establishment of professional standards."

Flournoy said qualifying examinations conducted by the State Personnel Board, appointments for specific terms, and restrictions on political activities, all instituted during his administration, have helped the referees in their self-improvement.

"I also concure with the Legislative Analyst's opinion that we should contract for civil service appraisers to perform a similar review of referees' appraisals every three years," Flournoy said. "It would be most helpful to both the Controller and the referees to know that evaluation is available form an outside source."

Report Tells Of Coastal Dangers

Earthquakes, landslides, tsunamis and shoreline erosion together could cost many lives and billions of dollars in property damage throughout California in the next 25 years, much of which could be avoided through proper precautions.

That's the thrust of the recommendations in Geology, the second in a series of policy recommendations released recently by the Central Coast Regional Commission.

The report proposes that immediate steps be taken to preclude development in known hazard areas in the coastal zone unless a team of experts has analyzed the hazards and designed the development to, in effect, eliminate the hazard.

Earthquakes and the other hazards generally cannot be prevented, but construction in some locations is more prone to damage or destruction than others. More and more, those locations are being identified by geologists (earthquake and landslide hazard areas) and the U.S. Army Corps of Engineers (tsunami and shoreline erosion areas). The Commission's report recommends that any construction that proceeds in such areas without proper safeguards be denied any publicly-supported relief in the event of subsequent damage or loss.

There is still much to be learned about geologic hazards and means of dealing with them adequately. The knowledge of geologists and civil engineers needs to be augmented by that of soils engineers, oceanographers, engineering geologists, structural engineers, and architects. Therefore, the report supports the recent recommendations of the Joint Legislative Committee on Seismic Safety that an interdisciplinary Geologic Hazards Review Board be created.

Could Help Breakfast Program

Senate Democratic Leader George Moscone is introducing legislation that could gain California $12 million more in Federal support for school breakfast programs.

His resolution directs the State Board of Education and the State Superintendent of Public Instruction to "redefine certain schools as especially needy" in order that they qualify for full Federal funding of breakfast costs.

The Moscone legislation would include those schools where more than 50 per cent of the students already qualify for free or reduced price lunches, where 50 per cent of the students arebussed, where districts have been judged "Title I saturated" or where more than 50 per cent of the students are native Americans.

Campaign Co-Chairmen Are Named

Monterey County Assessor Candidate, Bertram F. (Bert.) Rudolph, Jr., announced the names of two of his campaign co-chairmen who are Billy B. Salter, a Pacific Grove realtor, and Leroy R. Rianda, a Soledad grower.

Rianda will head up the Salinas Valley activities while Salter will coordinate the Monterey Peninsula vote drive.

Candidate Rudolph's supporters call themselves the Voters' Committee of Monterey County to Elect Bert. Rudolph as Assessor.

Their prime thrust, so far, has been one of keeping Rudolph's speaking engagement calendar full, the average having been one-a-day for the past month.

The Committee has adopted the slogan, "It's time for a change at the Monterey County Assessor's Office."

6 WAYS TO USE LESS ENERGY HEATING YOUR HOME.

You can save fuel and help keep your home heating costs down by following these tips:

1. Set your furnace thermostat to a temperature of 68° or lower. Turn it down when you leave home or retire at night.
2. Examine and clean the heating system thoroughly each fall. Clean or replace dirty filters that make the furnace work harder to heat your home.
3. Keep all exterior doors—as well as those to garage, attic and basement—tightly closed. Lost heat is a waste of energy and money.
4. Proper home insulation and weatherstripping can cut heating costs up to 45%. Older homes often need new or additional insulation for adequate protection.
5. Open drapes on sunny days. Let the sun warm you naturally. Close drapes over large glass areas at other times; this can stop up to 16% of heat loss through windows.
6. Close damper when the fireplace is not in use so that the house heat can't escape up the flue.

These are just a few of the many ways you can conserve energy.
